DETAILED ACTION

Election/Restrictions

Claims 2-11, 13-21, and 23-31 stand withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected species, there being no allowable generic or linking claim. Election was made **without** traverse in Paper No. 8. These claims should be canceled in response to this action.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

Claims 33-38 and 40-50 are rejected under 35 U.S.C. 102(e) as being clearly anticipated by either Koblish (2001/0020174). Applicant's attention is directed to Figures 17-22, paragraph [0065], and paragraphs [0093] – [0103].

Response to Amendment

The declaration filed on March 5, 2004 under 37 CFR 1.131 has been considered but is ineffective to overcome the Koblish reference. Under 37 CFR 1.131, the declaration must be filed by the inventive entity, not the attorney of record.

Claim Objections

Claim 47 is objected to because of the following informalities: "which is" in line 7 is vague. Appropriate correction is required.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
